	Sparkler Jazz
	Sparkler Power Tap
	Sparkler Ballet
	Sparkler Tumbling

From here, there are **two options for your dancer**. There is a difference in commitment and cost. Please pick the option that is best for your family.

The Club Commitments: This program is for the students who want a fun outlet, opportunities to make friends and perform, and do something to build skill and

athleticism. Their team season is from Sep - May. Performance opportunities include: performances at basketball games, and an end of the year recital. Our older club teams compete at 1-2 competitions (depending on the team). Register @thevibe.dance under the register now button.

The Company Commitments: This program is for the students who are serious about their commitment to dance and are willing to make it their first priority. Company teams are not based on • Friends • Being challenged • Carpools or • Conflicting schedules.

Attendance is crucial for our company teams. Their team season runs from August - May. Competition season is from February-May and includes 1-4 competitions (depending on your team), and 1 convention (depending on your team). Our end of the year recital is the first weekend of June. All performances and competitions are required.

Other Questions:

- Can my dancer move from a Club team to a Company team? Yes! If your family decides the company side is a good option for your family and dancer, then sign up for extra classes, and/or privates to get them caught up to speed. Please understand that the level of dance skill increases with the number of dedicated hours spent in dance. It is very difficult to be placed on a company team after the age of 10 if dance hours have been 1 or 2 hours a week.
